

### FIVE BOLD BANDITS GO THROUGH TRAIN

#### DARING ROBBERY ON ROCK ISLAND LINE.

Five Bandits Do the Work—Sidetrack the Coaches, Use Dynamite on the Treasure Boxes and Go Through the Passengers at Their Leisure—Their Capture Is Improbable.

Wichita, Kas., Oct. 2.—The south-bound Rock Island passenger train was held up near Chickasha, I. T., at 11:45 o'clock Friday by a band of five robbers.

The bandits lay secreted near the section house until within a half-hour of train time, when they took possession of the section house and all within. They then secured the switch keys, opened the siding and flagged the train. The train ran upon the track until stopped by a car of coal, half of the passenger train remaining upon the main track. The robbers immediately boarded the engine, drew the fire and opened the mud valve.

They used dynamite on the express car door and entered, then went to work on the local and through safes. The through safe contained a large amount of currency, but it resisted the explosives. The local safe gave way after two or three attempts, and everything within it was secured, amounting to several hundred dollars.

The bandits were not at all satisfied with this, and three of them, including their leader, went through the day coaches and sleeper, securing everything of value from the passengers. Conductor Dacy was relieved of all the money he had and his gold watch. Mr. Roe, a sick minister, was dragged out of his berth in the sleeper and searched. The leader of the gang swore at the others for robbing a sick man, and returned all that had been taken from him, but did not put him back in his berth. It is said the passengers lost \$300 in all, money and jewelry.

All the robbers wore masks, but while in the chair car the one worn by the leader fell off and he was seen by many persons. Some assert that he looked much like Albert Jennings, ex-county attorney of Canadian county, who is well known over the territory among the politicians. He is well-educated, having been graduated from West Point, and while there was a favorite. He studied civil engineering, and after leaving the Point and coming West took up the law. He was with his brother, Ed Jennings, last winter when the latter was killed by Temple Houston in a saloon row in Woodward, O. T. Albert Jennings had his arm broken at the same time by Houston. At another time a few years ago Albert Jennings, it was alleged, killed two cowboys in Denison, Tex., and was compelled to leave the country.

The top of the express car was completely demolished by the force of the explosion. The robbers seemed to be dead shots, as they fired their revolvers continually from the first onslaught until they left the train.

The robbers after securing all the plunder available held the train until one of the number brought up their horses, when they all mounted and rode away to the westward.

As soon as the trainmen could collect their wits they got the scared passengers aboard and hurried on to the next station south, Chickasha, from which point the railroad officials were notified of the holdup. At Chickasha a posse of citizens was hurriedly formed. These citizens set out in pursuit of the gang, and officers have been dispatched from El Reno and other points in this section. It is hardly possible that the bandits can be overtaken.

**Four Deaths at New Orleans.**  
New Orleans, La., Oct. 2.—Friday was again something of a record breaker in the matter of new cases. They cropped up in all directions, but the death record is still low. The fever is rapidly spreading in many directions, but the large majority of cases are proving to be of a harmless type. The weather is warm, and the conditions excellent for new cases. But the death percentage has fallen considerably below the record of 1878.

**Troops Fire Upon Strikers.**  
St. Petersburg, Oct. 2.—A serious labor dispute is in progress at Dambrow, Poland. Four thousand five hundred ironworkers have gone out on strike and have stoned the soldiers sent to quell the disturbance. During the disorder last evening the soldiers fired on the strikers, killing three outright and seriously wounding four. The government has dispatched additional troops to the scene of the strike.

**Officers Elected by Editors.**  
Chicago, Oct. 2.—The Norwegian-Danish Press Association concluded its third annual convention yesterday afternoon with the election of officers. B. Amundson, publisher of Decorah Posten of Decorah, Iowa, was chosen president. The program for the next annual convention, which will be held in St. Paul, was arranged.

**Toledo Win the First Game.**  
Toledo, Ohio, Oct. 2.—Toledo won the first game of the Spinnay cup series today with east. Rosebrough, the pitcher for Dayton, pitched splendid ball until the seventh inning, and then went to pieces. The score:  
Toledo ..... 1 0 0 0 0 5 3-9  
Daytons ..... 0 0 1 0 0 0 0-1

### THE CLOSING GAMES.

National League Teams Practically Wind Up the Season Today.

For two days more the National league will drag itself along an uneventful course. The interest, sustained by the spirited pennant fight, has now vanished, and the close is eagerly awaited. But the standing of six clubs is to be settled by the results today and tomorrow. The first five are secure, and St. Louis cannot be ousted from last place. In the east today's games will be the last of the season of 1897, but Sunday will see the final games in St. Louis and Louisville. Standing of the clubs:

Clubs—	W.	L.	P.C.
Boston	93	38	710
Baltimore	90	39	698
New York	83	47	638

### JUROR FOWLER SICK.

Proceedings in the Lutger Trial Likely to Be Delayed.

Chicago, Oct. 2.—Juror John E. Fowler, of the Lutger jury, again took sick. Judge Tuttle was compelled to adjourn court, and the juror was taken to his hotel suffering from a severe chill.

Professor Allport was on the stand all day; he was accused of cowardly conduct by Professor Dorsey in saying the latter had sawed a bone to trap him; each expert accused the other of lying.

Professor Allport identified a gorilla femur as human and gave the height of the body from which it came; he admitted that if from a dog the sesamoid must have come from one weighing about ten pounds, and that the phalanx must have come from a half-grown hog; he described the surface of a normal human femur, and the state claims that the description fits the alleged femur offered in evidence. After saying the nutrient foramen runs downward in all mammals below man, he was shown one that extended upward; mastoid cells were pointed out by the witness which the state claims are not mastoid cells; a bone was identified as the dewclaw of a dog, which is not one.

### Capture the Dinner Pails.

Spring Valley, Ill., Oct. 2.—The wives of strikers attacked non-union mixers at No. 1 shaft, took their dinner pails from them and gave the food to their hungry children. The women then took positions about the pit and gave notice that they would not let any man go into the mines until the strike was settled. Chief of Police Hicks and his force tried to disperse the women, but they replied that they were doing no harm and would stay at the pit until work was suspended.

### Says There Was No Riot.

Fulton, Ill., Oct. 2.—Mayor John Schwab has sent a letter to Governor Tanner, accompanied by a sworn statement affirming that Lieutenant Governor Northcott's action in appealing for troops was unnecessary, as there was at no time danger of loss of life, and that the whole act was a laughable farce in which he did not believe the governor would have participated had he known the circumstances.

### Mr. Cleveland as a Senator.

New York, Oct. 2.—Throughout the length and breadth of New Jersey the rumor has gone that Governor Cleveland is anxious to become United States senator from New Jersey. Senator Smith goes out in 1899 and Senator Sewell in 1901. There are rumors afloat that Mr. Cleveland began the consideration of the senatorial matter many years ago—in fact, before his last election.

### Henry George Indorsed.

New York, Oct. 2.—At the city nominating convention of the Democratic alliance of Greater New York held Friday night Henry George was unanimously nominated for mayor. The nominating speech was made by Charles Francis Adams. The nomination was greeted with enthusiastic applause.

### Ready for Temple Cup Series.

Baltimore, Oct. 2.—The Baltimoreans will leave on their way to Boston for the Temple cup series on Sunday morning. They will stop at Hoboken for an exhibition game Sunday afternoon and leave New York on the midnight train for the hub. Hoffer is slated to pitch the first game.

### Jealousy Ends in Murder.

Oakes, N. D., Oct. 2.—G. B. Norton's wife preferred William Shelton and Mrs. Shelton liked Norton better than her own husband. This led to a feud. Friday Norton killed his rival and surrendered.

### TRADE CONDITIONS ARE MOST HOPEFUL

DUN'S REVIEW SAYS BUSINESS EXCEEDS THAT OF 1892.

Big Decrease in Failures—Evidences of Reviving Prosperity Are Shown—Prices for Most Manufactured Products Have Advanced But Moderately.

New York, Oct. 2.—R. G. Dun & Co.'s Weekly Review of Trade says: "The failures during the third quarter of 1897 were 2,903, with liabilities of \$28,963,261, of which twenty-nine were in banking, with liabilities of \$3,387,069. The commercial failures, 2,874, with liabilities of \$25,576,192, average only \$8,889 each, lower than in any other quarter for nearly twenty-three years. The amount of defaulted liabilities is the smallest in any quarter for five years, and in fifteen years only six quarters have shown smaller liabilities. Manufacturing failures, 651, with liabilities of \$9,431,191, average but \$14,487 each, and trading, 2,164, with liabilities of \$12,825,065, average but \$5,927 each, both smaller in average of liabilities than in any previous year of which classified record exists. The volume of legitimate business continues a little larger than in the same month of 1892, for while the great increase of 27.4 per cent. at New York for the week might be supposed due to speculative activity, in spite of the establishment and growth of the stock exchange clearing house, yet payments through the principal clearing houses outside of New York exceeded those of 1892 by 2.5 per cent. for the week and 2 per cent. for September. New York makes settlements for a large part of the country, and the daily average including this city was, in September, \$206,364,000, against \$134,859,000 last year, \$133,300,000 in 1894, \$122,733,000 in 1893 and \$176,327,000 in 1892, so that the gain over the same month in the best of past years is 17 per cent.

"These evidences of reviving prosperity are the more important because prices for most manufactured products have advanced but moderately and are much below the level of 1892 while speculative markets are all declining with curious unanimity. Speculation in wheat and cotton has been set back by bright crop prospects. The wheat estimate of 599,000,000 bushels—about 200,000,000 bushels more than would be required for food and seed, leaving the smallest stocks for six years without replenishment—was followed by decrease in foreign buying and caused weakness. The price of wheat has declined 5 cents and of corn nearly 2 cents for the week.

"Failures for the week have been 194 in the United States, against 299 last year, and 34 in Canada, against 46 last year."

### GEN. HARRISON'S VIEWS.

The Ex-President Comes Out in Favor of Municipal Ownership.

New York, Oct. 2.—Gen. Benjamin Harrison is quoted in an interview on municipal politics in the World as saying:

"Of special importance are the safeguards to be thrown about the granting of franchises to the promoters of great schemes for the public service. In this respect there are valuable lessons to be learned from late foreign experiments. The results of public ownership of great public enterprises have been exceedingly satisfactory and instructive. I am inclined to consider municipal ownership as the best means to secure to the people the cheapest and best service."

### New Premier for Greece.

Athens, Oct. 2.—M. Zaimis has consented to form a cabinet. M. Skouloudis, minister of foreign affairs in the Ralli cabinet, will probably retain the foreign office portfolio.

M. Delyannis has informed King George that he will support no cabinet unless he is premier; but there have been so many defections from his ranks that the threat is idle. All the newspapers, with the exception of the Delyannist organs, express the deepest discontent with the crisis. The Aty declares that the chamber has accomplished a shameful betrayal by planning party interests before the interests of the country.

### Hard at Work at Versailles.

Indianapolis, Ind., Oct. 2.—Jason B. Brown of Seymour, ex-member of congress, has been appointed a special agent of the state to undertake the prosecution of the men that participated in the Ripley county lynching. Under his direction an effort is now being made at Versailles, independent of the local judge and prosecutor, to obtain evidence that will warrant a demand by the attorney-general for the recalling of the grand jury.

### Reapportionment for Illinois.

Springfield, Ill., Oct. 2.—Speaker Curtis and other Republican leaders have been quietly at work for some time trying to secure promises from enough members of the legislature to insure the passage of a new apportionment bill. When a majority of the members shall have signed an apportionment bill a caucus will be held and the scheme of the new districts decided upon. An extra session may be called to meet early in January.

### FAST TRAIN THROWN OFF THE TRACK

CANADIAN PACIFIC WRECKED AT MEDFORD, MASS.

Thirty Persons Injured—Defective Tracks Said to Have Caused the Unfortunate Accident—None of Those Injured Thought to Be Fatally Hurt.

Medford, Mass., Oct. 2.—The Canadian Pacific express over the southern division of the Boston & Maine Railroad, due in Boston at 8:30 o'clock Friday night, met with an accident at West Medford whereby nearly thirty people were more or less injured, but none, it is believed, fatally hurt. There were eight cars on the train, which was running rapidly, and the three rear coaches were derailed. Those injured most seriously are as follows:

A. A. Serve, Somerville, Mass., back injured.  
R. W. Fuller, a Harvard student, residence unknown; hip injured.  
Mrs. A. M. Allen, Chelsea, Mass., serious injury to spine.

Mrs. A. C. Fiske, Cambridge, Mass., general bruises.

George Baker, Montrose, Pa., left hand and fingers crushed.

W. A. Bond, Lynn, Mass., injured about the head and neck.

Mrs. John W. Palfrey, Chelsea, Mass., injured about neck, hips and side.

George E. Jenkins, Whitman, Mass., right leg broken; arms and back badly bruised.

Mrs. Rowena Ely, Boston, spine injured.

Miss Souhecott, St. John's, N. F., general shaking up.

Mrs. A. Anderson, St. John's, N. F., spine injured.

John T. Ely, Boston, badly bruised.

As the train approached the West Medford station, car No. 997 jumped the track, owing, it is claimed, to a defective truck. The rear truck turned completely around, throwing the car partially on the side, while car No. 427 was partially derailed and the sleeper was thrown upon its side.

### SPAIN IS IN DANGER.

Carlist Uprising Is Now Reported to Be Imminent.

London, Oct. 2.—The Daily Mail in its special article on the Spanish situation says:

"The symptoms of Carlist agitation are every day becoming more manifest and attracting the attention of the Spanish government. Carlist emissaries are visiting the provinces of Navarre and Castellon, where the party has its strongest supporters. There is the best reason for believing that the signal for rising will soon be given. The revolt will probably occur in Navarre or Castellon, and the population of the Basque provinces is also ready to rise."

### Staffbacks Go to Prison.

Columbus, Kas., Oct. 2.—The members of the Staffback family were sentenced Friday. Ed and George Staffback were convicted of murder in the first degree and Mrs. Staffback, the mother was convicted as an accessory. The boys received life sentences in the penitentiary, and the woman received twenty-one years. Under the Kansas law there is no capital punishment. The Staffbacks murdered Frank Galbraith at Galena, Kas., last June, and then robbed the body and threw it into an old abandoned mining shaft. The search revealed three other bodies in the shaft. Ed Staffback has been declared insane by a board of physicians.

### Star Pointer Is King.

Springfield, Ill., Oct. 2.—The sensational event of Friday's races at the state fair was the establishment of two new records. The first was when Star Pointer won the third heat and the \$5,000 purse from Joe Patchen, in 2:00 1/2, the fastest mile ever driven in competition, and the second was when William Penn, in the first heat of the free-for-all trot, made a mark of 2:07 1/2, which is the world's record for 1897 for trotting stallions. It is estimated that there were 65,000 people on the grounds, the largest ever known at a state fair in Illinois.

### Railroad Is Beaten.

Lansing, Mich., Oct. 2.—A suit brought two years ago by Henry C. Smith against the Lake Shore Railway Company, involving the validity of an act passed by the legislature of 1891, compelling railroads to issue a 1,000-mile ticket, good for any member of a family, for \$20, has been sustained by the state Supreme court, which decides that the legislature has the power to enact such a law.

### People Praying for Rain.

LaPorte, Ind., Oct. 2.—Unless the drought is speedily broken the Kankakee region will be an immense morass of ashes. Destructive fires are raging in St. Joseph, LaPorte, Porter, Starke and Marshall counties. Thousands of tons of hay have been consumed, and in some sections live stock has been cremated. People are holding public meetings to pray for rain.

### Sagasta Will Form a Cabinet.

Madrid, Oct. 2.—Senor Sagasta says he is willing to undertake the construction of a cabinet, and it is hoped that the crisis will be solved today.

### POPE LEO WEAKER.

Church Dignitaries Are Afraid He May Not Rally.

London, Oct. 2.—The Globe says it hears the pope's weakness is increasing

and that the church dignitaries are afraid he will not rally from the extreme feebleness and exhaustion he now betrays.

### KILLED HER FOUR CHILDREN.

Mother Then Committed Suicide—New York Hotel Tragedy.

New York Oct. 2.—A woman and her four children were found dead by asphyxiation in the West Shore Hotel, Forty-second street and Eleventh avenue, Friday morning. The woman had evidently killed her children and committed suicide.

They were registered as "Mrs. Caroline Razinuis, West Point, and four children."

They arrived by a train which came from West Point last night at 8:45.

Mrs. Razinuis appeared to be about 40 years old. The children were two boys, one about 15 and the other about 7, and two girls, about 13 and 7 years old.

### Fair Estate Exaggerated.

San Francisco, Oct. 2.—The Call says that the appraisers of the estate of the late James G. Fair have completed their task and will present their report to the Probate Court in a few days. The report will show that the value of the Fair estate has been very much overrated. Instead of being valued at from \$30,000,000 to \$60,000,000, the appraisers say the official figures will be about \$12,000,000, and certainly not more than \$15,000,000.

### Must Buy Rails in America.

London, Oct. 2.—A dispatch to the Times from Melbourne says: "The government of New South Wales asserts that it has found such difficulty in placing in England an order for 2,000 tons of steel rails of high carbon quality that it has been compelled to place the order in America, where the manufacturers have readily undertaken the contract at \$25 a ton."

### Liquor for Miners Confiscated.

Seattle, Wash., Oct. 2.—One hundred and forty gallons of whisky, brandy, gin and wine were seized today by customs inspectors on the steamship Alta, due to sail to Alaska. The liquor was imbedded in barrels and boxes and cans, where sugar, oatmeal and kerosene should have been. There is no clue as to who is responsible for the shipment.

### Increase in Public Debt.

Washington, Oct. 2.—The monthly treasury statement shows that at the close of business Sept. 30, the public debt, less cash in the treasury was \$1,012,122,713, an increase since Aug. 31 of \$3,787,592. This increase is accounted for by a corresponding decrease in the amount of cash on hand.

### Anti-Fusion Populists to Meet.

Lincoln, Neb., Oct. 2.—A call has been issued for a state convention of populists who are opposed to fusion with other parties, to be held at Lincoln Monday, Oct. 4. C. M. Clark of Lincoln signs the call. The party is without previous organization.

### Plan for Reorganization.

Pottsville, Pa., Oct. 2.—The Pottsville Iron and Steel company, which went into receivers' hands several months ago, has formulated plans of reorganization, by which the plant may resume and give employment to 1,000 hands.

### Peking Should Be a Free Port.

Washington, Oct. 2.—It has been recommended to the state department by United States Consul Read at Tien Tsin that the question of including Peking in the list of treaty ports be taken into consideration.

### Fire in a Chicago Suburb.

Chicago, Oct. 2.—The greater part of the village of Willow Springs is in ruins because of a fire which broke out soon after 3 o'clock Friday. Fifty families were rendered homeless and property valued at \$50,000 destroyed.

### Say Weyler Has Not Resigned.

Havana, Oct. 2.—The report that Captain General Weyler has sent his resignation to Madrid, to take effect as soon as possible, is denied in official circles here.

### Coal Found in Wyoming.

Cheyenne, Wyo., Oct. 2.—Specimens of what is believed to be anthracite coal have been brought here from the newly discovered deposits on Piney Creek, 12 miles north of Buffalo. The coal carries 67 per cent carbon, the highest percentage of any coal yet found in Wyoming.

### FIRE IN A POST MILL SPREADS TO HOUSES

TEN THOUSAND DOLLARS LOSS IN OCONTO.

Two Children Missing From Marinette and There Are Fears of Kidnapping—Worthless Character in Spring Valley Shoots a Business Man and Escapes a Mob.

Oconto, Wis., Oct. 2.—[Special]—Fire broke in the yards of the Eolt Post Mill last night and sparks soon spread to dwellings near by. Four houses and a barn were destroyed. The post mill was also damaged to a considerable extent. The loss is about \$10,000 with partial insurance.

### Shot Without Cause.

Spring Valley, Wis., Oct. 2.—[Special]—George Pingree, a good for nothing man about town, this morning shot George Brown and wounded him severely. Pingree immediately left town and the sheriff is after him. There was no cause for the shooting and citizens are much worked up over the affair and will handle Pingree without gloves if he is caught before night.

### Two Children Missing.

Marinette, Wis., Oct. 2.—[Special] Cecil and Willie Cummings, aged seven and nine years, have been missing since Thursday and all efforts to find a trace of them have failed. It is believed here that they have been kidnapped. The police force of the Twin Cities is searching for them.

### Iron Brigade to Meet.

La Crosse, Wis., Oct. 2.—Preparations are being made for the annual reunion of the famous Iron brigade to be held in this city Oct. 20 and 21. Business sessions will be held the first day, followed by a banquet and reception in the evening. The second day will be devoted to visiting. It is estimated that there are about 1,600 survivors of the Iron brigade, about 950 of whom reside in this state. General Edward S. Bragg of Fond du Lac is the president of the association and Col. Jack Watrous of Milwaukee the secretary.

### BENEATH DEATH'S CLOUD

Mrs. Abigail N. Graham.

Mrs. Abigail N. Graham widow of the late Alexander Graham died this morning at 9:10 o'clock at her home 154 Milton avenue. Death resulted from a general breaking down of the system brought on by old age. Mrs. Graham was eighty one years old last winter. The announcement of her death was not a surprise to her friends, as her sickness has extended nearly ten years.

Mrs. Graham with her husband left New York state 40 years ago coming directly west and locating in this city. A daughter, Mrs. George A. Cooke, of Chicago, and a son, William R. Graham, of Cedar Falls, Iowa, survive her.

Notice of the funeral will be given later. The interment will be in Oak Hill.

### Mrs. Adeline L. Pentecost.

Mrs. Adeline L. Pentecost died at the town of Plymouth home of her brother, W. L. Kellogg, at 3 o'clock this morning, of paralysis. She was seventy-two years of age and was for forty-three years a resident of this county. She left two brothers, W. L. Kellogg of Plymouth, and C. S. Kellogg of New Orleans, and three daughters, Mrs. Ida V. Cheesman of Chicago, Mrs. Clara A. Newton of Beloit, and Miss Hattie M. Pentecost of Plymouth.

Funeral services will be held from the town of Plymouth home at 1 o'clock Sunday, the interment to be in the Grove church cemetery.

### Funeral of Marie Allison.

Sympathizing friends gathered at the home of Mr. and Mrs. A. W. Allison this afternoon. The funeral of little Marie, whose agonizing death occurred Thursday evening, took place at 2 o'clock, Rev. A. H. Harrington officiating. The little casket was almost hidden by flowers, and on every hand there were indications of the warm place the little one had held in the hearts of those about her. Those who bore the little form to its last resting place in Oak Hill were E. J. Samuels, Malcolm O. Mount, A. E. Rich and George S. Parker.

### Mrs. Christie O'Rourke.

Mrs. Christie O'Rourke, a resident of Rock county for forty years passed away at her home three miles west of Footville, Friday afternoon. Mrs. O'Rourke was seventy years of age. A husband, a son and a daughter survive her.

Services will be held tomorrow at 10:30 from the home in the town of Spring Valley and from St. Augustine's church at 12:00, the interment to be in Mount Olivet cemetery.

### James Torney.

James Torney died this afternoon at his St. Mary's avenue home.

### Gen. Neal Dow Grows Weaker.

Portland, Me., Oct. 2.—Reports from Gen. Neal Dow's bedside state that the distinguished invalid is steadily growing weaker.

## WAS JUST ONE DAY TOO OLD TO JOIN

C. A. BLANCHARD PUT OFF INITIATION TOO LONG.

Had Made All His Plans to Join the Modern Woodmen Before He Reached the Forty-Five Year Limit—His Absence From Town Made a Tangle.

Members are not admitted into the Woodmen lodge after they have reached the forty-five year limit. C. A. Blanchard of this city, who was forty-five last Tuesday, knew this but as long as he had made previous preparations to join the lodge he thought that a day or so would make but little difference. Tuesday evening the local order held a meeting but Mr. Blanchard was not there he having suddenly been called to Monroe on business. Now he wishes to join and every member of the local lodge is willing but the matter must first be presented to the head camp at Rock Island. The outcome of the case is being watched with much interest.

## FIND GOOD FOOTBALL TIMBER

Beloit College Team Strengthened by Several Additions This Fall.

Promising football talent is being developed in Beloit this year. Patterson of Evansville, is the latest accession to the college forces. He learned the game on the Evansville high school team; weighs 175 pounds, stripped, and is in perfect physical condition. He would make a fine half-back, and all who are interested in football want him to play with the team. The News says:

"Another man who is being developed into a good player is Clancey, a student in the academy. He is as strong as an ox, heavy, and quick on his feet. All he needs is the coolness and readiness which only practice gives. Merrill, a senior in the academy, is also showing up well in practice. He is a giant physically, and only needs coaching to become a good man."

## SECOND WARD CATS KILLED

Supply of Dogs Gives Out So Poisoner Seeks New Prey.

Dogs are getting scarce in the Second ward, so many have been killed and the poisoner has turned his attention to cats and children. Several families living near Milton avenue report the loss of their family mousers. Among the cats killed this week are two Maltese belonging to Charles Hendrich's of Milton avenue, and a highly prized kitten owned by H. M. Weaver, William street. A five year old child was found on Milton avenue this morning playing with a piece of bread that gave evidence of having been prepared for somebody's dog.

## SI PLUNKARD'S BAND HERE

He and His Boys Show City Folks a Thing or Two.

Si Plunkard is in town today and plays at Myers's town hall tonight. Si brought his farmer's band with him and showed city chaps the pride of Fairview. Si says "Gosh, him and his buglers are right in it," and parades away, rain or shine. No difference, cause all him and his boys have got to do is tuck their trousers in their boots and wade in the mud knee deep. "Si" leads the band whistling "the mocking bird," and was cheered as usual.

## TONS OF FRUIT EATEN HERE

Dealers Say This Has Been a Record Breaking Season For Janesville.

Eight thousand baskets of grapes and peaches have been retailed in this city during this week. The leading fruit dealers submit these figures after a careful estimate. Fruit is today selling at the lowest quoted prices made this season. Concord grapes of the best quality retail as low as ten cents a basket while peaches have sold at twenty-four cents a basket. Five carloads of fruit were sold here this week.

## IMPERIAL BAND IS SHAKY

There Is Need of Cash and It Must Be Forthcoming Soon

Unless the Imperial band makes a success of the concert next month a collapse is likely to follow. The band treasury is not bulging with funds and it would take but a slight wind to blow the organization into disbandment. In Beloit, Evansville and other surrounding cities bands are royally supported by the citizens, but of late years Janesville has not been so enthusiastic.

## RULING SHAKES THE VILLAGE

Judge Bennett Stirrs Jefferson County People by His Decision.

Judge John R. Bennett stirred up Jefferson county by recent ruling in the circuit court. The Waterloo correspondent of the Fort Atkinson Chronicle says:

"Considerable surprise is manifested here at Judge Bennett's ruling in the Frank Schultz case at the circuit court, which practically rules out one of the sections of the village charter. If the ruling is sustained by the supreme court, it will necessitate the surrender of the special charter granted by the legislature, and coming under the general laws for villages."

## CAMP DOUGLAS MADE LARGER

Forty Acres Added to the Rifle Range Through H. C. Payne's Influence.

When members of the Light Infantry go into camp next year at Camp Douglas they will find an additional shooting range of some forty acres. Through the efforts of Henry C. Payne, the state has been presented with forty acres of land adjoining the state military reservation. The tract is situated at the end of the main rifle pit and gives the state sufficient land to prevent accidents during rifle practice. The Northwestern Realty company gave the land.

## MRS. BUSH LOSES HOPE

Her Son's Body Not Recovered From the Niagara Rapids.

Mrs. Bush, mother of Warren Bush who was recently carried over Niagara Falls writes Janesville friends from her Vermont home that she never expects to see her son's body. During the past three weeks every effort to locate the body have been made, but have proved of no avail. So long a time has elapsed that in case the body should be recovered identification would be impossible.

## BATES MAY DEFEND KLINE

Consultation Between the Attorney and the Beloit Sporting Man.

Attorney William Bates who was in the city today may defend John Kline of Beloit in his \$50,000 damage suit brought by Miss Agnes Claffy of Chicago. Attorney Bates has been in telegraph and telephone communication with Kline regarding the matter. He assured the somewhat perturbed sporting man that the action was merely a strong bluff.

## MRS. MOSHER DISAPPEARS

Rock and Dane County Officers Are Not Particularly Sorry.

Superintendent S. B. Kenyon and the Dane county officials have been making careful inquiry into the trouble in the Mosher household near Newville. They find that Mrs. Mosher has suddenly disappeared. She left a much worried husband and four small children. The Mosher family are said to have conducted a very disorderly place and the officers are glad it has been broken up.

## PRaise FOR MRS. TORRENS

Her Work in Lake Geneva Declared to be Highly Satisfactory.

This week's issue of the Geneva Lake Herald pays Mrs. Harriet Torrens, formerly of this city a glowing compliment on her method of teaching vocal music in the Lake Geneva schools. The Herald publishes a two column article that Mrs. Torrens prepared and read at the state convention of teachers held in Milwaukee last January and declares that her work in the Geneva schools the past year has been highly satisfactory.

## DON'T WANT TROLLEY LINE

Beloit People Say That Present Means of Communication Are Enough.

Beloit people say they do not want the Janesville trolley line built. The News says: "The railroad companies are giving good accommodations, the St. Paul road alone having five daily trains each way between Beloit and Rockford, besides those furnished by the Northwestern."

The Ladies' Aid Society of the Baptist church will serve an excellent supper in the church parlors Wednesday evening from five to seven o'clock, for twenty-five cents. The public is cordially invited.

## BAND LEADER KNOWN HERE

Si Plunkard's Head Man a Nephew of Walter Helms.

Merle Norton, leader of the Si Plunkard band, is not an entire stranger here. He is a nephew of Walter Helms, and in 1890 he was in the Adm Forepaugh circus band with Joseph Mahoney of this city. As a "farmer band leader" he has a wide reputation. A greater portion of the music to be rendered by the orchestra this evening was written by Mr. Mahoney.

## THE NEW CULVERT COST \$50

Street Commissioner Palmer Did a Good Job on Corn Exchange Square.

The stone culvert just completed on the west side of the corn exchange fountain, cost the city about fifty dollars. This is Street Commissioner Palmer's estimate. The culvert, which was ordered by the park committee, is ten inches deep, seven feet wide, and about sixty feet long.

# THE OVERFLOW OF LOCAL NEWS.

## THE NEWS OF ROCK COUNTY.

Friends of Rev. G. W. Chambers Will Remember Him on Thursday.

THE GAZETTE AGENCY, W. W. CLARKE, Manager, Milton, Wis., Oct. 1, 1897.

The parishoners and friends of Rev. George B. Chambers, pastor of the Congregational church, will make him a donation visit, at the church parlors on Thursday afternoon and evening, Oct. 7. The general public is invited to be present on this occasion.

President Whitford and Justice Clarke left Wednesday morning for Leonardville, N. Y., where they will attend the centennial exercises of the Seventh Day Baptist church, of that place. President Whitford presents several historical papers before the meeting and Justice Clarke is one of the oldest ex-members of the church now living, his grandfather being its first pastor.

This locality was never any drier than at the present time and the dust is almost unbearable as well as unhealthy. Many farmers are feeding their cows both hay and grain, which hardly pays at the present price of milk.

Mrs. John McArthur and Eugene Serl, of Rock Prairie, have been the guests of Milton relatives and friends this week.

John R. Wheeler shipped his household goods to Palmyra, Wednesday, and himself and wife now make that place their home. We regret their removal from this village.

Rev. E. A. Witter of Albion, was in the village Tuesday.

Harlin Carey of Janesville, hustled for business in his line here on Tuesday.

Bishop Warren has changed the assignment of Rev. C. E. Carpenter from De Pere to Stoughton.

Mrs. D. Y. Berkalew returned from her visit with relatives at Okokio, Minn., Tuesday.

Miss Anna Crumb has gone to Berlin, to spend the winter with her sister, Dr. Crumb.

Rev. D. K. Davis is in South Dakota on business.

Mrs. Crooley of Farina, Ill., who has been visiting Milton relatives several weeks, went home Wednesday.

The King's Daughters will meet at their rooms in Dunn, Boss & Company's block next Monday evening. All good members will attend.

The test made by Veterinary Clarke of Marinette, of William A. McEwan's herd of cattle show them to be free from tubercular disease.

Mrs. Dr. E. J. Crandall, E. B. Saunders and J. L. Bond went to Chicago, Thursday morning.

Caleb Carr and wife of Beloit, were entertained by Mr. and Mrs. Miles Rice, Wednesday and Thursday.

Mrs. Ezra Crandall moved her household goods to Albion, Wednesday, and will make that village her future home. She will be missed by her many friends here.

Mrs. G. W. Emmons of Janesville, was the guest of Milton relatives, Tuesday.

Dr. C. E. Crandall and wife returned to their Chicago home, Thursday, the doctor resuming his instructional work in the University of Chicago, on Friday.

Mrs. J. E. Holmes, of Janesville, visited Milton relatives Thursday.

H. E. Smart, of Elma, Iowa, was the guest of his sister, Mrs. M. J. Plumb, Thursday.

Mrs. J. B. Anderson, of Clinton, visited Milton relatives this week.

ORFORD CREAMERY FINISHED

New Building Up and Machinery Being Put in Place.

Orfordville, Oct. 1.—The carpenter work on the creamery is completed and the machinery is being rapidly put in position. The proprietors Messrs. F. O. Uehling & Co., announce that they expect to resume business on Monday next. It is six weeks last Thursday since the old one was destroyed by fire, so no time has been lost in replacing it. C. J. Hengard who is drilling a well for G. Clemenson had the misfortune to lose his rill when down a distance of 140 feet. After spending several days "fishing" for it they decided to abandon the project and await the arrival of an expert at that kind of work. Mrs. King of Georgetown, Ind., who has been visiting her brother Dr. Keithly for the past two weeks returned home on Thursday. Mrs. B. J. Taylor and son James are visiting relatives at Delavan this week; also "taking in" the Walworth County fair. As Oscar Fossum was driving into the village on Thursday afternoon one end of the neck yoke came down thus letting the buggy onto the horses who immediately began to run. After running a short distance the pole dropped and it looked for a few minutes as though a general smash-up could not be avoided. Mr. Fossum however retained his courage and presence of mind and after steering them through the main street, the length of the town brought them to a stand still near the hotel barn, the only damage being done was the breaking of the pole and a strap or two on the harness. Thomas and John Honeysett are in attendance at the Elkhorn fair. They will also visit friends at Lake Geneva during their absence. Mrs. H. C. Taylor is on the sick list. Last Wednesday evening Mr. and Mrs. P. J. Logan were pleasantly surprised by the unexpected arrival of forty or more of their friends. The occasion

was their twenty fifth wedding anniversary and friends from Dakota, Davis, Ill., Koshkonong and other points together with the home friends united to make the occasion one long to be remembered. Silver ware in abundance served to remind Mr. and Mrs. Logan of the occasion, also to attest the esteem in which they were held by those present. Dr. J. S. Johnson of Ann Arbor, Mich., who visited relatives and friends here last week, returned to his home on Saturday. Rev. H. C. Seidel has returned from conference, and entered upon his pastoral duties for another year. His return is highly satisfactory to the church and community. Mrs. C. S. Dunn is on the sick list, but at last accounts was slightly improved. Mrs. J. W. Hawk of Buffalo, N. D., who was called here by the death of her brother, John Smiley, returned to her home on last Wednesday. Arch and Seth Fisher of Independence, Iowa, are visiting friends in this section. H. C. Taylor is at Springfield this week, attending the state fair. He is one of the judges of live stock.

Every Saturday Tourist Sleeping Car Route to California.

Commencing next Saturday night, and continuing every Saturday night thereafter, Midland Route tourist cars en route to Colorado, Utah and California will leave the Chicago Union passenger station at 10 o'clock, running over the Chicago and Omaha short line to Omaha, thence via Lincoln, Neb., Colorado Springs and Leadville, Colo., Salt Lake City and Ogden, Utah, Reno, Nevada, and Sacramento, Cal., arriving at San Francisco at 8:45 p. m., Wednesday.

As will be noticed, this route is midland through northern Illinois, Iowa, Nebraska, Kansas, Colorado, (through the heart of the Rockies), Utah, Nevada and California, affording a perfect panoramic view of prairie, mountain and coast scenery.

These popular every Saturday California excursions for both first and second class passengers not foreign emigrants are "personally conducted" by intelligent, competent and courteous "conductors" who will attend to the wants of all passengers en route. This is an entirely new feature of tourist car service and will be greatly appreciated by families or parties of friends traveling together, or by ladies traveling alone. Particular attention is paid to the care of children who usually get weary on a long journey.

Remember that the Midland Route Tourist Cars are sleeping cars and are supplied with all the accessories necessary to make the journey comfortable and pleasant and the sleeping berth rate is but \$6 for two persons from Chicago to California.

Ask the nearest ticket agent for a tourist car "folder" giving complete information about the Midland Route or address "Eastern Manager Midland Route," No. 95 Adams street, Chicago, Ill.

P. S.—Berth reservations are made in the order received up to each Saturday morning. First come, first served.

Few men in this country are better or more favorably known to the drug and medicine trade than Mr. E. J. Schall, buyer in proprietary medicine department of the Meyer Bros. Drug Co., St. Louis. He says: "My boy came home from school with his hand badly lacerated and bleeding, and suffering great pain. I dressed the wound and applied Chamberlain's Pain Balm, freely; all pain ceased, and in a remarkably short time, it healed without leaving a scar. For wounds, sprains, swellings and rheumatism, I know of no medicine or prescription equal to it. I consider it a household necessity." Sold by C. D. Stevens, Pharmacist, corner Main and Milwaukee streets.

Church Choir Entertainment

Emerald Grove, Oct. 1.—The church choir will give a literary and musical entertainment next Friday night, Oct. 8, for the benefit of the church. Admission 10 and 15 cents. Some very good talent has been secured.

"Many have said their children would have died of croup, if Chamberlain's Cough Remedy had not been given, write Kellan & Curran, druggists, Seaview, Va. "People come from far and near to get it and speak of it in the highest terms." This is equally true of this remedy in every community where it is known. Buy a bottle at Stevens drug store and try it yourself.

## TEN RESIGNATIONS SENT IN

General Shift in the Staff At the State Industrial School.

Miss Lovina M. Mosher, who went from Janesville to take a position as principal in the Waukesha industrial school has resigned with nine other members of the staff. The resignations took effect Oct 1 and did much to clear the air about the Waukesha school. For the time being Mrs. Hart will be matron. All the old officers, save those resigned, have reported to the office that they should remain at their posts and have offered to do extra duty to make up for any lack of help because of the resignations. The fact is more zeal and better services are already apparent on the part of the employees. The mere fact that they look upon the superintendent as the appointing head at the institution and the one to whom they are directly responsible under all circumstances, can have but one result, and the effect is already seen of the changed policy.

## THIS DAY IN HISTORY

322 B. C.—Aristotle, Greek philosopher and tutor of Alexander the Great, died at Chalcis.  
1432—Richard III of England born at Fotheringhay castle; killed at Bosworth.  
1725—Chevalier d'Eon, whose sex was disputed during his career as a diplomat and who dressed as a woman the last 33 years of his life, was born in Burgundy; died 1810 and was then proved to have been a man.  
1780—Major John Andre, adjutant general of the British forces in America, hanged as a spy.  
1842—Dr. William Ellery Channing, noted American divine, died at Bennington, Vt.; born 1780.  
1892—Ernest Renan died in Paris; born 1823.  
1893—A terrible cyclone devastated the region lying on the north of the gulf of Mexico; over 2,000 lives lost in Louisiana and Alabama.  
1895—General Orlando M. Poe, United States engineer, a distinguished war veteran, died at Detroit; born 1833.

## DEBS AND STRIKES

Debs has been talking sense for the last few days. He must have surprised his hearers but he certainly gave them good advice when he said: "Strikes don't pay. All strikes are useless. They are injurious. They are caused by the employing classes. When capitalists get ready for a strike they provoke it, knowing well their cause is won before the conflict begins. The various labor union of this country have all they can do to take care of their own men. Never in my experience have I seen a strike which had the sympathy of the public, and even of part of the employing class, as the miners' strike did, and yet when an appeal was made for financial aid less than 7c per striking miner was received."

This is so much different from the talk which Debs usually emits, that it is hard to believe it came from him. Yet he said this, and probably meant it. Two important facts were brought out in the speech—that "strikes don't pay" and that "when capitalists get ready for a strike they provoke it." Strikes are usually partly or wholly lost. Sometimes, as in the recent miners' strike, the strikers get part of their demands. Far oftener, they get nothing, and have to return to work on the terms which they rejected. There have been instances in which the strikers got all their demands, but these cases stand very far apart. The instances are much more numerous in which the strikers not only get no part of their demands, but find their places taken by other men, and are thrown out of work for an indefinite period.

## NO GOLD NEEDED

Every few days the treasury has to remind somebody that it is not in need of any more gold. A striking change in conditions has come within the past six or eight months. During the Bryan reign of terror and for three years previously gold could not be held in the treasury, even when bought in \$50,000,000 or \$100,000,000 lots. Ever since the election which put the republicans back in control of the government gold has been piling up in the treasury without any effort on the part of the authorities. The reserve has passed the \$147,000,000 mark in the upward movement, and the \$160,000,000 or \$170,000,000 line may be touched before the republicans are in power a year, or even before the present calendar year ends. In every field "republican luck" is hitting the country.

## THE MILES BOYS COME HOME

Their Father Bought Them New Suits of Clothes in Milwaukee.

## NIGHTS COOL FOR WHEELING

F. W. BENKE now rides an Overland.  
DR. E. H. DUDLEY has bought a new American bicycle.  
GOLF parties this summer have replaced the Spaulding's lake bicycle parties that proved so popular last year.  
Miss NINA ACHESON collided with a man on a wheel, on South Main street, Wednesday evening, wrecking the front wheel of her bicycle.  
OWNERS of wheels not only take to the woods for pleasure, but utilize their favorite steed these glorious autumn days, for hunting and even nutting excursions. It is no uncommon sight to see a bicyclist with a gun slung over his shoulders, wheeling woodward.

## SMALL HOUSE FOR SINGERS

Lillian Brought Opera Company Performance in Beloit.

Beloit, Wis., Oct. 2.—[Special]—The Lillian Brought Opera company of Janesville, presented the comic opera "Captain John Smith," to a small audience at the opera house last night. The entertainment was given under the auspices of the College Athletic association, but the harvest they produced was very scant.

Probably one of the most select social events, and also one marked by the large number present, ever held in this city, was the celebration of the twenty-fifth wedding anniversary of Mr. and Mrs. Joel B. Dow last evening. The beautiful lawn surrounding their residence, "Erinside," on Upper Broad street, was thronged with guests from early evening until midnight, the city band dispensing music during the evening. Under a flower belacked canopy Mr. and Mrs. Dow took over the solemn oaths that made their lives one and inseparable twenty five years ago. After the ceremony a supper was served on the lawn.

## GETS \$3000 FROM FORESTERS

Mrs. J. D. Holmes Receives Insurance in Full Without Delay.

Mrs. J. D. Holmes received from the Independent Order of Foresters the \$3,000 insurance on her husband's life today. The promptness of this payment may best be appreciated when it is said that the proof of the death was mailed to Toronto from Janesville on the 7:30 train last Saturday and that the draft for \$3000 was received in Janesville this morning. Mrs. Holmes acknowledges the payment as follows: Janesville, Wis., Oct. 2, 1897—I have this day received through the local court of the Independent Order of Foresters, N. Y., draft No. 458 for \$3,000, covering in full the policy of my late husband, James D. Holmes, in the above-named order. STELLA A. HOLMES.

## HINBERT WILKES IS SECOND

In the 2:13 pace for a \$1,000 purse, he got second place, and crowded Pinewood for first. Pinewood won first, third and sixth heats. Time, 2:11½, 2:11½, 2:14. Hinbert Wilkes won fourth and fifth heats, Time, 2:12½, 2:14½. Ira Bank won second heat in 2:13.

## RUSH JANESVILLE STUDENTS

Young People From This City Have Lively Time in Madison.

Many of the Janesville freshmen are being "rushed" by the different secret societies at the state university this month. Those who are sought by the fraternities are taken in hand by older members as soon as they reach town, and are given the best in the land. Thus far only two Janesville freshmen have been "landed", Miss Hattie Bostwick joining the Delta Gamma while Edwin Norcross becomes a Chi Psi.

## PALMER HOSPITAL MEETING

Members of the Staff Well Pleased with the Outlook.

Physicians interested in the welfare of the Palmer memorial hospital, will meet at the office of Dr. W. H. Palmer, on Monday evening. The hospital this summer has been on a paying basis, there being from eight to ten patients quartered there most of the time. Several times applicants have been obliged to wait before being assigned to rooms.

## THEY WANT OUR CLAMS

Two Carloads Shipped to Springfield By Richard Finley.

Springfield, Mass., has a pearl button factory that wants Rock river clam shells. This is a new market for Wisconsin shells and this week Richard Finley shipped two car loads of shells as a trial lot. Mr. Finley is not worrying about the tons of shells that are now stored away in this city. The shell market he says, is getting better each day.

## CANIFF IS CHIEF TEMPLAR

Janesville Man Honored By the Edgerton Convention—A Successful Meeting.

J. A. Caniff of this city was appointed district chief templar at the district meeting of Good Templars in Edgerton this week. W. G. Kildow is now past district chief templar. Miss Hattie Ward was made district secretary and Frank O. Humphrey assistant district secretary. Janesville sent a large delegation, all the members of which were well taken care of.

## SKUNK CAUSED A STRIKE

Carpenters and Plumbers Driven Out of a West Milwaukee Street Building.

Carpenters and plumbers who are remodeling the building formerly occupied by J. B. McLean, quit work abruptly when James Koot poked under a stairway. He brought to light Alderman McLean's pet black skunk that disappeared some time ago and was hidden beneath the stairs.

## Lease to Great Britain.

Washington, Oct. 2.—Sheridan Read, consul at Tien Tsin, reports to the state department that Hu Yungel, governor of Peking, has been appointed by imperial edict to take charge of the Tien Tsin-Shanghai railroad. The new director is known to lean toward Great Britain, and his appointment to build the Manchurian lines, involving the raising of a loan is, therefore, significant, because these lines will closely connect with the Trans-Siberian road.

## CARRIED BACK.

How a Well Known Citizen of New Amsterdam, Wis., Was Restored to Life.

Thanks the Indian For His Recovery.

The Wonderful Cure of a Congested Liver by the Use of Kickapoo Indian Remedies.

Antoine Myers, Sr., of New Amsterdam, Wisconsin, was a sufferer for many years from what he believed to be and what the doctors treated him for as congestion of the liver. Terrible pains under the right shoulder blade, depressed breathing, bad taste in the mouth, dull pain in the head, sickness of the stomach, skin of a greenish yellow tinge, dizziness, and many other similar disagreeable symptoms he experienced, until after years of suffering and delay, he had about given up all hope of ever again enjoying health. He at last tried the famous Kickapoo Indian Remedies, and upon the advice of one of their representatives, he tried the well known Kickapoo Indian Worm Killer. He writes in the most grateful spirit, as follows:—

"After the first two doses of the Worm Killer, I passed a large number of stomach worms that had obstructed the bile duct, which I found was the original cause of all my sickness. After getting relief this way, I took Kickapoo Indian Sagwa to tone up my general health. I am now nearly well and getting stronger every day.  
Thousands of such cases exist around us. The patient is ignorant of the cause of his trouble, until at last death overtakes him, which is assigned to almost anything that the doctor may first think of. If more people would resort to Nature's own medicines the Kickapoo Indian Remedies, the health and long life that has made the Indian famous, would be theirs.  
Kickapoo Indian Sagwa is a blood purifier and for the cure of stomach, liver and kidney troubles, stands to-day without a peer. Kickapoo Indian Remedies may be bought of all druggists. Sufferers, who do not know the cause of their illness should write for our pamphlet, entitled, 'The Kickapoo Doctor' which will be mailed free to any address, by the Kickapoo Indian Medicine Co., New Haven, Conn."

## CIGARETTE BLIGHT FELT IN SCHOOLS

### THE TEACHERS ALARMED AT GROWTH OF HABIT.

More Boys Use Coffin Nails This Year Than Ever Before and the Effects Are Seen in Their Dazed and Nervous Manner in Class

So many Janesville school children show the blight of the cigarette habit that teachers are becoming frightened. The growth of the evil during the last summer has been unprecedented, and seems to offer a grim commentary on the futility of attempting to accomplish by law what is neglected in the home. On boys between the ages of six and twelve, the effect of the cigarettes is most apparent.

Teachers have come to Superintendent Mayne repeatedly during the first days of this term, and reported alarming changes in the mental fibre of the boys under their charge.

Seem To Be in a Daze

"I have looked into a number of the cases," said Prof. Mayne this morning. "I find boys apparently in a daze. The first time they are spoken to they do not seem to hear. When they finally do hear they jump and tremble and seem as if roused from a stupor. Teachers agree that many of the boys have lost their power to do satisfactory work in the schools and declare that they can tell a cigarette smoker almost instantly by his manner in class and his vague, rambling, indefinite answers.

High School Boys Affected.

"Not even the youngest of the boys are exempt from the evil and in the High school room the evil is also apparent. Some of the High school boys told me frankly that cigarette smoking has made it impossible for them to keep up with their classes but say they are unable to break off the habit.

"The thing is becoming so serious in the schools that the school authorities will be forced to do what they can for the enforcement of the law prohibiting the sale of cigarettes to minors. Many dealers do not understand that the age limit is twenty-one years and not seventeen. Others deliberately try to evade the law.

How the Law Is Evaded

"When the small boy comes in they tell him:

"Here is your tobacco, but I can't sell you any paper."

"Then they drop a book of cigarette paper on the floor and the boy picks it up and goes out happy at having circumvented the law. In other stores the little boy is made to give his money to an older person who buys the cigarette paper for him. Either of these actions is clearly punishable the dealer being liable in one case and the older person who buys the tobacco for the boy, being liable in the other. The law forbids the sale, distribution or giving away of cigarettes or cigarette paper to minors under a penalty of \$25.

Reputable Dealers Join Hands.

The more reputable dealers in the city say they would be glad to stop the sale of cigarettes to minors. They are anxious to have the council charge \$100 a year for cigarette licenses fees, believing that this would freeze out the smaller shops where the boys do most of their buying. J. L. Spellman and other well known cigar dealers intend to petition the council to impose such a tax.

## CODY BRAVES YELLOW FEVER

The Wild West Show Starts For the South Next Monday.

Buffalo Bill's Wild West show which recently played to poor business here will go south in spite of the yellow fever. Major Burke, manager of the show, says the epidemic will cause them to make no changes in their itinerary on the southern trip, which will begin next Monday. Health Commissioner Starkloff of St. Louis, issued more than 400 certificates of health to Col. Cody and his company. Their first stopping place is Memphis.

## "SLIM" HAD BLEEDING SPELL

Jail Officials Made a Hurried Trip For a Surgeon This Morning.

Frank Hunt, better known as "Slim," had a severe hemorrhage at the jail this morning. ## THREE OF THE JURY WANTED HIM HELD

### DISAGREEMENT IN THE HORSE STEALING CASE.

After Nearly Four Hours of Deliberation the Jury Reported That They Could Not See Things in the Same Light, and Were Discharged.

After meditating for three hours and forty five minutes, in the Harry Hammans horse stealing case the jury disagreed. They came in at 3:45 o'clock this afternoon. Judge Phelps then excused them from further duty. Hammans was remanded to jail and arrangements for a new trial were discussed.

The jury is understood to have been nine for acquittal and three for conviction.

Other Court Notes

A jury will try the assault and battery case of the State of Wisconsin vs. Chas. Burgess.

Joseph Wagner the complaining witness says that Burgess assaulted and badly bruised his seven year old son Raymond on Sept. 7, at the corner of Ravine and Chatham streets.

MILWAUKEE ST. MADE WIDER

Four Feet Added in Front of Post Office Building

Milwaukee street has been made four feet wider for forty feet in front of the post office. A recent survey showed that the stone sidewalk extended into the street four feet and J. E. Croft has just finished cutting the walk down three inches to reduce the entire forty foot strip to the level of the pavement.

ONE IN EVERY FOUR.

One Person in Every Four Suffers From Piles.

About one person in every four suffers from some form of rectal disease. The most common and annoying is itching piles, indicated by warmth, slight moisture and intense uncontrollable itching in the parts affected.

The usual treatment has been some simple ointment, or salve which sometimes give temporary relief, but nothing like a permanent cure can be expected from such superficial treatment.

The only permanent cure for itching piles yet discovered is the Pyramid Pile Cure, not only for itching piles, but for every other form of piles, blind, bleeding or protruding. The first application gives instant relief and the continued use for a short time causes a permanent removal of the tumors or the small parasites which cause the intense itching and discomfort of itching piles.

Many physicians for a long time supposed that the remarkable relief afforded by the Pyramid Pile Cure was because it was supposed to contain cocaine, opium or similar drugs, but such is not the case. A recent careful analysis of the remedy showed it to be absolutely free from any cocaine, opium, or in fact any poisonous, injurious drugs whatever. Sold by all druggists at 50 cents per package.

To The Public:

Wheelock's Crockery Store

has been established at No. 8, South Main St., for more than forty years. During that time the people of Janesville and vicinity have patronized it liberally. The business will be carried on in the future, under the management of the undersigned, the youngest son of the late W. G. Wheelock. I hope to conduct the business in such a manner, so as to merit a continuance of the same liberal patronage, which it has enjoyed in the past.

Respectfully,

F. W. WHEELLOCK.

## WILL CUT CADAVERS HERE THIS WINTER

### JANESVILLE DISSECTING ROOM WILL BE ESTABLISHED.

Members of Rock County Medical Society Have Arranged For a Supply of Subjects and Now Seek a Suitable Location—First Meeting of Season

Janesville physicians took important action at the meeting in the municipal court room last evening. It was the first of the Rock County Medical Society's monthly sessions for the 1897-98 season and after thorough discussion it was decided to establish a Janesville dissecting room as soon as the weather gets cool. The permission of the state has been secured for the use of cadavers from the county farm or other sources and all that remains is to secure a room so located that the neighbors will not object. The anatomical work that is planned is expected to be of great value.

Besides arranging for work with the scalpel the physicians listened to papers by Drs. Palmer, Loomis, Chittenden and Mills. President J. F. Pemberton presided and Dr. G. G. Chittenden acted as secretary.

Meetings will be held once each month. Besides the discussion of medical subjects an opportunity will be given or the posting of members on those in the community who do not pay their bills.

FOUR CARS OF "SHOPPERS"

Excursion Rates to Chicago Draw Many From This Neighborhood.

Four cars loaded with Chicago excursionists came from the Mineral Point division of the C. M. & St. Paul this morning and were hooked onto the Chicago train here. Special low prices shopping excursions are being run from all the towns around here this week and next, Janesville being the only point left out on account of the vigorous action of Janesville merchants.

## WINTER MATERIALS.

Fashionable Goods and Colors—Decided Shades Again Liked.

Cloth costumes, never absent from the fashionable wardrobe, are having a decided vogue now and will be worn all winter. They are made in all grades of elaboration, from the simple, utilitarian gown to the visiting toilet intended for formal occasions. Tailor made costumes of gray, beige, mastic and similar subdued tints are to be a feature in the more practical winter styles. They are very slightly trimmed, depending for elegance mainly upon their perfect fit. These gowns are not confined to neutral tints, however, but are seen in green, mauve, red, violet and blue cloth.

In more elaborate cloth gowns silk is often introduced in the form of vests,

TAFFETA COSTUME.

revers, usually of a contrasting color, or at least of a different shade.

Greens and blues still keep the lead as fashionable colors. Perhaps purple, in its various shades, should be mentioned in the same category. Other colors also are worn, but not so universally. Red seems to be coming forward in favor.

The illustration shows a formal costume of green taffeta. The skirt, which has a slight train, is trimmed in front with two quills of cream guipure embroidered with gold, which forms the tablier. The close bodice has a plastron, back and front, of gold embroidered guipure over mauve silk. The plastron, which is full in front, is framed by bretelles composed of a double, plated frill of green taffeta. The close sleeves of green taffeta open over crosswise plaitings of the same material and have a small puff at the shoulder. The collar is of mauve taffeta. The toque is of mauve flowers and gold embroidered lace.

## TRIMMING'S AND GOODS.

Sashes and Braids—How to Sponge Goods and Linings.

Black satin girdles and sashes are much liked for young girls' costumes. The favorite sash is a wide black satin ribbon, tied behind with long ends and no bows. This sash is seen with light and bright colored gowns. The renewed fashion for flat trimming has brought braiding into prominence again, and worsted and mohair braids, in all widths and varieties, are largely employed. They are mainly used in black and white, although colors are also employed. Blue, green, purple and gray woolen costumes are trimmed with black or white braid very effectively, usually in horizontal lines unless the braid is formed into figures and motifs.

Goods which are going to be made up into serviceable gowns for general wear ought always to be sponged first, as in that case they do not shrink or spot with dampness. If they are not previously sponged, they soon become defaced and lose their neat appearance. Material may be sponged at home or at the shop where it is bought. In the latter case a small sum extra will be charged, but the trouble of doing it oneself will be avoided. Sponging is not an elaborate process. It consists of wiping the

SATIN CAPE.

goods on the right side with a sopping wet sponge, folding the material together, rolling it up wet in a number of thicknesses of newspaper to prevent rapid evaporation and letting it lie for at least 24 hours. During that time the dampness becomes uniform throughout and shrinks it to a reasonable extent. When it is unrolled, it should be carefully pressed on the wrong side with a warm flatiron. When woolen

or haircloth linings are employed, it is always best to shrink them, but a long process is not necessary. Simply sponging them with warm water and immediately ironing them dry with a hot flatiron is sufficient.

The illustration given in today's issue shows a cape of black satin. It just escapes the waist and is trimmed with a deep flounce of black lace, ending in black lace stole ends in front. The satin portion of the cape is cut in one with the flaring collar and is trimmed with lengthwise lines of jet, having also a satin bertha bordered with jet. The collar is lined with black lace, made very full. The toque, of black and geranium colored chenille braid, is trimmed with black plumes and pink and black flowers.

## Women's Colleges.

Women's colleges are enduring more than their share of criticism lately. Not long ago a hungry Daniel came to judgment, only it was a woman this time, and said girls were underfed at our respective founts of learning. It was boldly stated that we needed more beefsteak and roast beef and less Greek and science, and now Miss Frances E. Willard makes specific and lengthy charges against these honored institutions. The complaints did not originate with Miss Willard, but she has them "from a college bred newspaper man," and she thinks his words good enough to preserve in print. There are eight indictments in all, with lots of "a's" and "b's" and "c's" under each heading.

Here are the objections classed as "faults of commission":

Too great emphasis of literary and scientific life as the life really worthy of a woman.

Imitation of man.

Women's education a fad.

And these as "faults of omission":

Lack of physical training.

Lack of social training.

Lack of refining influences and tendencies.

Failure to hold up the ideal of wifehood and motherhood.

Lack of preparation for continuity of intellectual life after leaving college.

Adding the sins of omission to those of commission, there is not a shred of the girls' college left. It is all don'ts. Young women must not "strive to make their capacity and quality identical with man's," because that would be unworthy of womanhood. College education is not meant for all women and should be avoided by many. The "college bred newspaper man" puts it gently, but he means feeble minded girls and girls not strong physically. Students must not become bookworms and grow to think less of humanity because of their love of books. The claims of the social life must be recognized, and in this connection it is said the teachers, many of them, have no social capacity. This gentleman also bemoans the fact that the faculties of women's colleges are composed of unmarried women and widows, and altogether Miss Willard's informer takes a dismal view of his subject. Having demolished the whole structure, he offers some hazy suggestions as improvements. Faults our colleges have in plenty, but there are too many wise men and women directing those schools for them to be as worthless as this impetuous critic seems to think.—Chicago Post.

## Women as Rent Collectors.

Rent collecting is a business at which women in England have been working quietly for a number of years. It was Miss Octavia Hill who first employed women to inspect tenements for the poor and collect the rent. In this she was aided and abetted by Ruskin. There is a fitness on the part of women for this work that may appeal to landlords in this country as well as in England. Women are the principal occupants of the tenement houses, and the woman collector is able to understand their needs better than a man. She is also, in nine cases out of ten, able to locate cupboards, shelves and other needed improvements to better advantage for the desirability of a flat than a male inspector. There are no eyes sharper than a woman's to ferret out dirt and disreputable practices.

All this, of course, presupposes that the owner of rentable property wishes to do the fair thing by his tenants and to keep a decent class of people in his tenements. The testimony of a woman collector in England who "learned her trade" under Miss Hill is of value in this connection. She says: "At the end of my time with Miss Octavia Hill I was recommended to the management of a private property, and I have now three different properties under my charge. One was in a terrible state when I took it over and in a hopelessly unsanitary condition—in fact, it was on the point of being condemned. Well, I took the houses in hand, and they were thoroughly set in order and made fit for human beings. Before they had been but little better than animals' lairs. I got rid of the worst of the tenants and took the greatest care in examining the antecedents of the new lot, and now we are not only paying off the mortgages, but the rental of the property has increased £20 a week."—New York Commercial.

## ONE ON WITHERBY.

New Cook Was Coming and His Wife Didn't Want Company to Dinner.

Witherby—"I've invited a fellow here to dinner tomorrow night," quotes Tid-Bits.

Mrs. Witherby—"Oh, my dear, what did you do that for? Why, the new cook is coming tomorrow, and you know it will be just awful."

Witherby—"I don't see anything awful about it. Give him what we've got. I guess it's good enough."

Mrs. Witherby—"That's just like a man. You don't seem to care for appearances at all. Can't you put him off?"

Witherby—"No, I can't. The idea! I invite a friend to dinner and my wife protests! But, madam, he comes just the same. As long as I am running this house I propose to do as I please."

Mrs. Witherby—"Who is it?"

Witherby—"Wigson. You know him, don't you?"

Mrs. Witherby (seized with inspiration)—"Know him! Should say I did. Why, he's an old sweetheart of mine."

Witherby—"I guess not."

Mrs. Witherby—"But he is. Have him to dinner by all means. Oh, I should just love to see him. How he did make love to me!"

Witherby—"He did, eh?"

Mrs. Witherby—"Yes, indeed. It was only by the merest chance that I didn't become his wife. This is indeed a pleasure. Dear boy! Let's see; I haven't seen Charlie Wigson for four years."

Witherby (dryly)—"You haven't, eh? Well, I wouldn't be surprised if you didn't see him for four more."

Mrs. Witherby (feigning great disappointment)—"Oh, you haven't changed your mind, have you? Aren't you going to bring him to dinner?"

Witherby—"No, madam, I'm not."

And Mrs. Witherby, having gained her point, glided blandly from the room.

## Appian Way.

By far the most celebrated road in the old world was the Appian way, the Viarum Regina, or queen of roads, which at the period of its greatest extent stretched from Rome to Brundisium, the modern Brindisi, a distance of some 350 miles. As this road was begun in the beginning of the fourth century B. C., says Pearson's Weekly, and formed the great highway from Rome to the south for several centuries, it must therefore have been connected with, and often have been, the scene of most of the great events of the Roman empire, which for a long period would deserve to be called the great events of the world. It would have witnessed the departure of the armies which set forth to conquer the domains of Alexander and the Pharaohs. Julius Caesar passed along it to the first Alexandrine war, which was to result in his own temporary conquest by the charms of Cleopatra. Later on Marc Antony traversed it to lose the world for the same woman. It witnessed, too, the triumphs of the returning generals who had led the legions of Rome to the conquest of half the known world, and over its well-worn pavements the unhappy Zenobia, perhaps the most pathetic figure in history, was led to grace the triumph of her conqueror, Aurelian. But the pageants of which the Appian way has been the scene might be multiplied almost indefinitely and it is certain that there is no road in the ancient or modern world to compare with it in this respect.

"I can't see how any family lives without Chamberlain's Colic, Cholera and Diarrhoea Remedy," says J. R. Adams, a well known druggist, of Geneva, Al., in a letter inquiring the price of a dozen bottles, that he might not only have it for use in his own family, but supply it to his neighbors. The reason some people get along without it, is because they do not know its value, and what a vast amount of suffering it will save. Wherever it becomes known and used, it is recognized as a necessity, for it is the only remedy that can always be depended upon for bowel complaints, both for children and adults. For sale by C. D. Stevens Pharmacist, corner Main and Milwaukee streets.

KNITTING WORK

Old Time Occupation Produces Many Useful Things to Wear.

Knitting is an old fashioned accomplishment and has gone out of vogue since the introduction of machine made stockings, yet it is a pretty and feminine occupation, as well as a useful one, and the modern young lady fond of fancy work and having plenty of time to devote to it might well learn the mysteries of casting on, seaming, narrowing and binding off. Plain knitting, to and fro, or garter stitch, is not entirely foreign to damsels of the present day, for afghans and carriage robes are sometimes made in that way, but more complicated knitting work, such as stockings and mittens, is quite beyond their powers.

This would not be of much consequence if stockings and mittens had gone out of fashion, but they have not. Everybody wears stockings, and in the northern states everybody wears mittens in the winter. Silk stockings and silk mittens are highly desirable things, therefore, and the woman who can knit them is at a pre-

TAFFETA COSTUME.

Bought silk stockings are unsubstantial things, but hand knitted ones last indefinitely. Bought silk mittens are always too broad and too short and are likewise too loose in the wrist.

Knitting is pretty work and has many poetical associations. Add to those recommendations the more practical one that there are numerous knitted articles which are attractive presents, and there seems to be quite sufficient reason for the revival of the popularity of the art. Our grandmothers would have been as ashamed of being unable to knit as of being unable to sew, and every woman sews.

Today's illustration shows a gown of green taffeta. The skirt is trimmed on each side with three oblique bands of black guipure insertion, which meet in points at the back. The bands of insertion are edged with black velvet. The close fitting bodice has a sailor collar and revers covered with an application of black guipure. The front opens over a crossed chemise of black guipure over green taffeta. The belt is of black velvet embroidered with steel. The hat, of black velvet with steel embroidery, is trimmed with mauve flowers and green foliage.

THE FASHION.

Shashes to Tie Behind—Carriage Wrap of Black Surah.

The bolero, which still maintains favor in spite of its excessive use, is a feature of many of the latest gowns and has much success owing to the facilities it offers of affording variety to costumes. With this little garment different bodice fronts are worn at will. A blouse of silk, a chemise of lace, a plaited gauze, a puffed plastron, a cut of cloth, embroidery or spangled goods—all these and more may be employed and will give the same gown an aspect of novelty and freshness.

A woman should never blindly follow the lead of fashion, but should consider which of the several modes which prevail at the same time is most becoming to her and should select that, leaving the others alone. It is possible for a woman to dress herself very unsuitably and inappropriately.

CARRIAGE WRAP.

By strictly holding to the requirements of fashion. She should use her brains and her taste and adopt only such styles as set off her charms to the best advantage.

There is a fancy now for sash belts tying with a double bow and long ends behind. These are only appropriate, of course, for very young women.

A woman's clothing should be wisely chosen according to her age and should be neither too young nor too old. Very rich materials are always suggestive of ripe maturity and should be avoided by women under middle age, as should very costly lace.

The illustration given in today's issue shows a carriage wrap of heavy black surah. It has a pelerine richly embroidered with jet and steel, and the wing sleeves are also embroidered to match. The wrap is close fitting at the back, with a water-tight plait, but is full in front and adorned with thick black silk ends fastened by paste buttons. The close sleeves are embroidered at the wrists and the collar has embroidered tabs. The wrap is lined with mauve silk.

## A Woman's Strong Constitution Wrecked. Effects of a Treacherous Disease. A Wonderful Case.

From the Bulletin, Monroe, La.

Mrs. Stephen Robbins is the wife of a prominent farmer living on a large and well-kept plantation just at the edge of Monroe, La. They have resided in this community but two years, having moved here from Illinois. The change was made for the benefit of Mrs. Robbins' health, her physicians having advised her that it was the only hope of her ever regaining her lost health.

"Three years ago this last winter," said Mrs. Robbins, "I was very sick with that most treacherous disease, the grippe. I had a very severe time with it, but was able to get out after being confined to my home several weeks. I think I went out too soon, for I immediately contracted a cold and had a relapse, which is a common occurrence with that disease. For several more weeks I was confined to the house; and after this I did not fully recover until recently. I was able to get out again, but I was quite a different woman."

"My former strong constitution was wrecked, and I was a dwindling mass of skin and bones. My blood was thin and I had grown pale and sallow. My lungs were so affected that I thought I was going into consumption. During my illness I had lost thirty pounds in weight. I tried to regain my strength and former good health by trying different medicines and physicians, but nothing seemed to help me. My appetite was gone, and when I ate the food it would not stay on my stomach."

"The only thing my physician said for me to do was to take change of climate, and on his advice I came here. At first I seemed benefited, but to my sorrow it proved to be only temporary, and in a few months I was in my former condition. The color had left my cheeks, I had no energy, and life was a misery. I had become a burden to myself and family. Finally I happened to read in a newspaper of how Dr. Williams' Pink Pills for Pale People had effected a miraculous cure with the same disease which a neighbor of mine had in Illinois."

"On the strength of this testimonial I decided at once to give the medicine a trial. I accordingly sent for a box of Dr. Williams' Pink Pills for Pale People, and gave the pills a thorough trial. I did not notice any change till I had tried the second box. I was discouraged a little with the result of the first box, but knowing that I should not expect a sudden cure of such a chronic case as mine, I tried the second box with the result that I immediately began getting better. I used five boxes of these pills and was completely cured, as you see me to-day, weighing more than ever before."

As evidence of the truthfulness of her story Mrs. Robbins volunteered to make the following sworn statement:

"I hereby affirm that the above statement is every word exact and true."

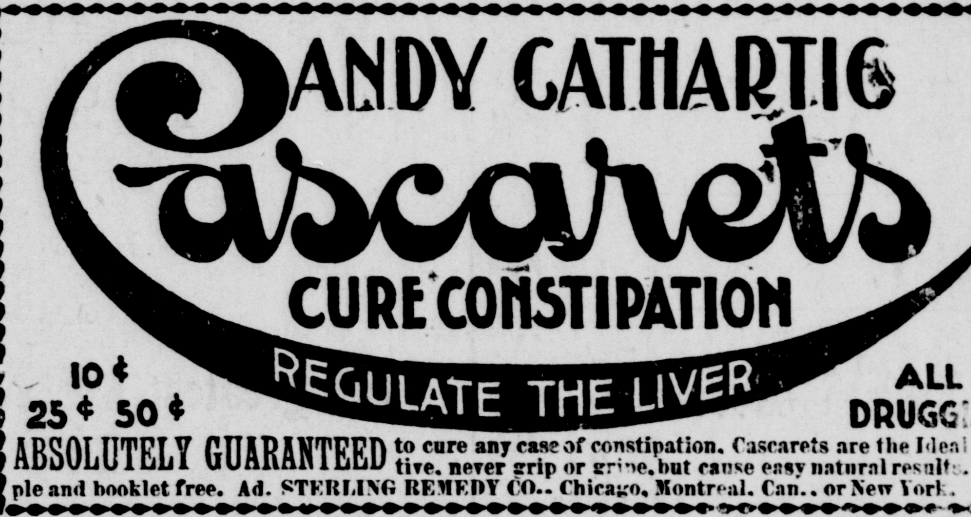

"MONROE, LA., March 2, 1897."

"Subscribed and sworn to before me, a Notary Public in and for the Parish of Winn, State of Louisiana, this 23 day of March, 1897. AMOS R. JESSUP, Notary Public."

Dr. Williams' Pink Pills for Pale People contain, in a condensed form, all the elements necessary to give new life and richness to the blood and restore shattered nerves. They are an unfailing specific for such diseases as locomotor ataxia, partial paralysis, St. Vitus' dance, sciatica, neuralgia, rheumatism, nervous headache, the after effect of la grippe, palpitation of the heart, pale and sallow complexion, all forms of weakness either in male or female. Pink Pills are sold by all dealers, or will be sent postpaid on receipt of price, 50 cents a box, or six boxes for \$2.50 (they are never sold in bulk and for the 100) by addressing Dr. Williams' Medicine Company, Schenectady, N. Y.

ELASTIC STARCH has been before the people of the United States for twenty-three years and is without doubt the greatest starch invention of the nineteenth century. Last year its sales reached the unprecedented number of twenty million packages. It is prepared upon scientific principles by the use of the latest machinery and is of a pure white color. It makes ironing easy, restores old sunmer dresses to their original whiteness, and imparts to linen a soft and lasting finish. It is the only starch manufactured that is perfectly harmless, containing neither arsenic, alum, or any other substance injurious to health, and can be used even as a baby powder.

## Cool Weather Will Soon Be Here;

## You'll Need New Fall Underwear.....

Therefore we think you'll be interested in what we have to say about our Underwear stock. First of all we'll tell you that, although the new tariff bill will make certain grades of Underwear much higher, our prices for the coming season will not be advanced. We placed our orders early and obtained the fall stock at prices much lower than we could buy the goods for now. You can share the benefit.

### For Men

We have just opened a case of that popular article, the 'Buckskin' Underwear, and from its name you might infer that it's too heavy for your needs; but not so; on the contrary it's a medium heavy weight, it is all wool, has no burrs, and is made for first-class trade. No matter how sensitive a man is to wool garments he can wear these with comfort. Shirts are sizes 34 to 44; Drawers, 32 to 44. Price, per garment, \$1.00, and worth it.

## The "Kalamazoo" Skirt...

We have the sale of them for Janesville and there is nothing made in this country to equal them for service. Made particularly well of an extra heavy fabric; they are especially suited for wear with heavy dresses. Prices \$1.25 to \$3.00.

## Priestley's Black Goods...

Standard of the world and known by the varnished board upon which they are rolled. A special purchase of ten pieces at very much under price enables us to offer them at nearly half value. Width is 42 inches and there are several different designs and figures. Per yard, 50c.
